Meeting with your Faculty Advisor:

The Department strongly encourages our majors to meet with their advisor at least twice per year. This is an informal appointment. Here are some ideas of things to discuss:

  o Why you want to be a Math major
  o Area(s) in math you like the most
  o Courses
  o Career aspirations/after-college plans
  o Plans for/interest in graduate degree?
  o Anything else you’d like to talk about!

Student: By signing this form, I acknowledge that I have reviewed the major requirements in the Bulletin and on the Math Department website and have met with my faculty advisor.
