Emergency Information

Important Safety Information for the Mathematics Department

Please read the following safety plan that we will use in the event of a fire, earthquake or other emergency.

If the Fire Alarms Sound
1. You must evacuate the building but DO NOT use the elevator.
2. Leave through the closest exit (know this ahead of time)—review your nearest exits.
3. Go to the Emergency Assembly Point (EAP) located at the Oval, adjacent to the Math Building. If you are teaching a class, please lead the students to the EAP.
4. Report to Debbie Lemos and/or any member of the Emergency Team at the EAP who will check you off on the building roster (so we know that you have safely left the building).

If there is an Earthquake
Follow the same procedures as above. Listen for any instructions, which may be given on the bullhorn. Remember to go to the Emergency Assembly Point.

If there is an Emergency on the Weekend or Evening

After-hours emergencies:
Facilities: call 650-723-2281
Emergency: dial 9-911
Website: http://math.stanford.edu

Emergency Team
Eleny Ionel, Room 381R6, Phone 650-723-2228
Debbie Lemos, Room 381R2, Phone 650-723-2214; 650-387-2174
Vicky Kwong, Room 381R3, Phone 650-723-2603
Sam Stone, Room 381S, Phone 650-726-2874
